WARRANT FOR ANNUAL MEETING

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Wilton in the County of Hillsborough and State of New Hampshire qualified to vote in town affairs:

You are hereby notified to appear at the Town Hall in said Wilton, on Tuesday, the 13th day of March next, at nine o'clock in the forenoon to one o'clock in the afternoon, to choose all necessary Town Officers, and at seven-thirty o'clock in the evening to act upon the following subjects:

1. To hear the reports of Town Officers, agents and committees and pass any vote relating thereto.

2. To see if the Town will grant the free use of the town hall for Bent-Burke Post No. 10 American Legion for Memorial Day exercises, School Lunches.

3. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

4. To see what action the Town will take in regard to real estate taken over by the Town for non-payment of taxes.

5. To see if the Town will vote to accept the budget as prepared by the Budget Committee or make any alterations relating thereto.

6. To see if the Town will authorize the Tax Collector to appoint a deputy or deputies, under the provisions of Chapter 80, Section 42, Revised Laws of New Hampshire, or take any action relating thereto.

7. To see if the Town will vote to authorize the Tax Collector to charge an additional amount of twenty cents on each Poll Tax not paid by September 1st, for use of the Town as provided by statute.

8. To see if the Town will vote to amend and correct the Town records of November 9, 1883 relative to the laying out and acceptance of Kennedy Avenue,

so that the lay out of said Kennedy Avenue shall read as follows: "Beginning at a stone bound on the east side of the Abbot Hill road, it being the southwest corner of land formerly owned by Colony Brothers now of Abbott Worsted Mills, thence south 57° east by land formerly of Michael Kennedy, now of G. Lynch 169 feet to a stake or stone bound; thence south 46°45′ east 117 feet by land of John Burke to a bound; thence south 40°15′ east by land of Roselle Earle and J. Perreault 120 feet to a stone bound; all over land formerly of H. A. and George O. Whiting. The line above described is to be the east line of said Kennedy Avenue; the said Kennedy Ave. is to be 30 ft. wide. Points of compass are as of December 12, 1949.

9. To see if the Town will vote to extend street lights, Route No. 101, on from Erland Lyford's residence to the Holt Road, so-called, and raise and appropriate money therefor or take any other action relating thereto.

10. To see if the Town will vote to accept from David Whiting the now private road or driveway as now laid out and shown on blue print of the David Whiting Tripp Property, as a public street and road. Said proposed street and road running from Highland Avenue past the residence of Samuel Proctor, Charles Gregoire, Guy Holt, back to Highland Avenue, or take any action relating thereto.

11. To see if the Town will vote to change and amend the vote taken at the 1944 annual meeting relative to the Post-War Fund by adding after the words "Fire and Highway Departments" the following additional purposes, to wit: "and for the purchase and installation of Highway trucks and apparatus, Town Hall boiler and heating equipment," or take any action relating thereto.

12. To see if the Town will vote to transfer $12,000.00 from the surplus fund to the Post-War Fund, or take any action relating thereto.

13. To see if the Town will vote to purchase a truck for the Highway Department at a cost not to exceed $5000.00, to be drawn from the Post-War Fund, or take any action relating thereto.

14. To see if the Town will vote to purchase and install a new boiler and other necessary heating equipment for the Town Hall, at a cost not to exceed $3000.00, to be drawn from the Post-War Fund, or take any action relating thereto.

15. To see if the Town will vote to give to the road leading westerly from the Abbot Hill Road at the Chandler place, now occupied by Eugene King to Clark Corner, the name "Potter Road," or take any action relating thereto.

16. To see what sum of money the Town will vote to raise and appropriate to defray town charges for the ensuing year, including town officers' salaries and expenses, election and registration, town hall maintenance and equipment, police department, fire department, health department, vital statistics, sewer and water maintenance, town road aid, town maintenance, park and playgrounds, street lighting, municipal court, town poor, old age assistance, aid to soldiers and their families, Memorial Day, cemeteries, interest, bonds, county taxes, Monadnock Region Association, libraries, bridges, sidewalk construction, temporary notes, town dump and maintenance, repairs to Town Hall, new road construction, resurfacing, new equipment, Workmen's Compensation Insurance, 1951 Civil Defense and Social Security.

17. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 26th day of February 1951.

WALTER S. FRYE,
JAMES L. SHELDON,
GUY M. HOLT,
Selectmen of Wilton.

BUDGET

Estimates of Revenues and Expenditures for the Ensuing Year January 1, 1951 to December 31, 1951

It is gratifying to report an increase in the output of books at the library for the year 1950. This increase is due to the fact the public is taking more interest in reading. Many new adult borrowers have been added to our list. High school bus pupils come for books and reference work during school hours. Grades four and five come to the library, with their teachers, semi-monthly. Grade six comes monthly. This gives the teachers an excellent chance to guide the reading of their pupils. These visits create interest and encourage reading. Books are sent to grades two and three. The

Librarian takes books to the sick and shut-ins, a service which I feel is greatly appreciated.

The bookmobile, sent out by the State Library, leaves books with us bi-monthly.

Last summer we had our first Juvenile Reading Club. This proved to be a success and was enjoyed by 17 youngsters.

The Guidance Class came to the library for a course which instructed them in cataloging and reference work.

The Historical rooms were open to the public during August. The 4-H Boys Club, Girl Scouts, and Brownies held their weekly meetings at the library.

We gratefully acknowledge all gifts of books, magazines, and flowers. For all these gifts as well as suggestions and the fine cooperation of the library trustees, teachers and the general public, we are very appreciative.

Respectfully submitted,
MILDRED C. FRENCH,
Librarian.

Civilian Defense:

August 1950, Received notification of appointment as co-chairman with Dr. R. P. Galloway, Health and Sanitation, Medical and Nursing Units.

December 1950, Required information gathered, forms completed and handed to Fred C. Nelson, local chairman.

Lillian Mahoney, R.N. has accepted the responsibility of Wilton's planned C. D. Emergency Hospital set up, and is training her assistants.

First Aid: Mr. Harold D. McBride, Milford, is teaching an 18-hour First Aid Course, Wilton Town Hall; classes twice weekly.

Respectfully submitted,

EDNA J. GILBERT, R.N.

REPORT OF OVERSEER OF THE POOR

Town Cases

James Hoag	$683 00
James Whitney	395 50
Stanley Prancewecz	283 00
Mrs. Mary Lemay	286 50
George Douglas	241 50
Annie Drake	100 00
Walter Solliday	50 74
Michael Kelley	10 00
Herbert Chandler *	18 00
Ethel LaCasse	90 00
Henry Cabana	75 00
	$2233 24

County Cases

Regular Relief, 2 cases	$826 07

* Repaid before December 31, 1950

As in other years, a great many people are receiving aid under various classifications, including Old Age Assistance, Aid for Needy Blind, Mother's Aid, Aid for Dependent Children, and direct State Aid. None of these accounts show in the above reports as the aid does not come through the office of the Overseer of the Poor.

There were two reimbursements made in 1950 that are very uncommon. Miss Eva Balcolm paid the sum of $400 as partial payment on Mary Lemay's account. The other reimbursement was on Walter Solliday's account to the amount of $276.56.

Respectfully submitted,

JAMES L. SHELDON.

REPORT OF THE WILTON FIRE DEPARTMENT

During the year 1950 the Wilton Fire Department had an active year, answering the total of 61 calls, which included 36 still alarms, 24 bell alarms, 15 chimney fires, 5 truck and car fires, and 4 flooded oil burners. They assisted the Milford Fire Department four times, and filled in at the Milford station two other times. They answered one call to Mont Vernon, one to Merrimack, one to Greenville, and five to Lyndeboro, and received aid from Milford on one occasion and Amherst on one occasion.

The Ford pumper answered 40 calls, the LaFrance 21 calls, and the Chevrolet 7 calls. The tanker was used on 31 occasions.

We also had a very successful year as our fire loss was about three-tenths of one per cent of our total property evaluation. Most of which was lost at the Hart fire on Kimball Heights because there was a delay in receiving the fire call and a very long run. We were able to save the main house. This was accomplished by having our tank truck with water available on arrival at the fire.

Respectfully submitted,
WILFRID S. PELLERIN,
Fire Chief.

REPORT OF CIVIL DEFENSE ACTIVITIES

To the Citizens of Wilton:

I take great pleasure in submitting a report on the activities of the Civil Defense organization for the year 1950.

A directive was received from Civil Defense Headquarters, State of New Hampshire, requesting the formation of a Civil Defense organization for the Town, providing in part for a Director and heads of various subordinate units in accordance with the statewide plan.

The following persons were selected: Fred C. Nelson, Director; F. Howard Bardol, Refugee Unit; W. W. Adrian, Warden Services; John H. Drayton, Police Services; Ernest Clark, Emergency Fire Services; Harry McCullough, Communications and Warning Services; Thomas Hurley, Ground Observer Net; Lawrence Gibbons and Ernest Broderick, Engineering Services; David Wright, Transportation Services; Dr. Raymond Galloway and Edna Gilbert, Health and Sanitation Services, Emergency Hospital and Nursing Services; Robert Caughey, Rescue and Evacuation Services; Elizabeth French, Administration.

The Director held a meeting of all unit heads and outlined to them the various phases of their duties, and requested each to formulate an operational plan for activation, should the emergency arise. They were also acquainted with the provisions of the State Civil Defense Act (Chapter 304, Laws of 1949).

The several subordinate unit directors selected personnel for their units and plans were formulated for efficient use of all available facilities. A survey of all home-owners was made as to the number of persons each would shelter in case of emergency, and each fraternal organization, church and public building was surveyed as to shelter and feeding. It was found that with cots and bedding being furnished by the State,

a total of some 2400 persons could be sheltered in the winter months, and increased to 4500 during the summer months. Warning signals were set up and copies distributed to each home in the Town. Other necessary groups were formed – sccreening personnel to assign persons to shelter, medical center nursing and feeding personnel, feeding personnel for all shelters other than individual homes, first aid personnel and others pertinent to Civil Defense. A State lecturer gave an excellent talk on the effects of the Atom Bomb and action to be taken for saftey in case of possible bombing, and booklets covering action to be taken by individuals were distributed to home owners.

It is very gratifying the manner in which the citizens of the Town have responded to the call on their services and their desire to assist homeless persons in case of emergency.

FRED C. NELSON,
Chairman.

HIGHWAY REPORT FOR 1950

In my Highway Report for 1950 I will start with winter as usual. The winter maintenance always has come in two separate seasons of the year. January, February and March, the first part, is always the most expensive and it is almost impossible to establish the cost beforehand, as you can never know what the weather will be as to how much snow and ice we will get, or whether the storms will come on week-ends or through the middle of the week. If the storms occur on Saturday and Sunday as they did this past year, it is bound to cost more for the men have to work seven days, plus the overtime of night work. The town does not pay time and a half for overtime, which if they did would add much more to the cost.

The second part of the winter season starts between November 15th and 20th and runs through December 31 and is much easier to estimate as the fall season consists mainly of putting out snow fence, sand for stock piles, and sanding, with some plowing. The snow plowing in November and December is very seldom of a heavy nature and does not cost so much as in the middle of the winter. There is also an added cost of $800 to $900 for salt for the last two or three years, that was not used before. This cannot be avoided, as the use of cars today demand ice-free roads as soon as possible, and salt is the only solution. With the use of salt, the hills can be covered, also bad spots of the town, in two hours. With sand it will take about 16 hours to cover the same spots as there is only one truck for sanding. Also, sometimes the sand freezes over as fast as it is put out.

The summer is much easier to estimate but it sometimes varies considerably, depending on the amount of heavy showers which occur. In April, May and June the usual spring cleaning of clearing leaves from the

ditches and dragging and road machining of the dirt roads is done. Following this, the resurfacing is done, which consists of putting chloride on the gravel roads which have been rebuilt by T.R.A. Funds. It takes about 30 tons of chloride for this work and without chloride the gravel roads won't last very long. Chloride keeps the gravel moist during the dry summer months, thus keeping the gravel compact and preventing it from becoming rough and being blown away by the fast travel of the cars and trucks.

In July the resurfacing of the tar roads takes place and usually the town resurfaces about two and a half or three miles of tarred roads each year. Last year three miles were done, also some work on private driveways which the owners pay the town for as this is the only way private owners have of getting this work done.

In August and September the T.R.A. work is done, which is the only money the department has at this time to rebuild the dirt roads. At the present time, we have about $3400 for this work. Last year we graveled .8 of a mile of the Milford Mason Road, which was also widened and culverts installed in 1949. We also widened and put in culverts on .4 of a mile of the Pead Hill Road, which we have to gravel this year. After this year, I understand that the T.R.A. money will have to be spent on mail and school bus roads, which will mean that the town's roads which are not on mail or school bus routes will have to be rebuilt by the town and money appropriated in their budgets for the cost of it if they hope to have them rebuilt. At the present, we have about 12½ miles of such road needing to be rebuilt very badly.

After the T.R.A. work is completed, we go back to summer maintenance and bridge repairing, and during September and October and part of November our

maintenance consists of road dragging and cutting brush. As for brush cutting, we now have all our roads in good condition. During this winter, we have finished cutting our last real bad road in regard to brush cutting, by cutting 2½ miles of roadsides between Kimball Heights and Route 101-A. The new brush cutter, which we bought last summer for the Farmall tractor, is a great help in keeping the brush cut.

At this time I would like to mention the fact that this winter has been the hardest on the dirt roads of any winter since I became Road Agent in 1939. We have had two or three heavy rain storms which we very seldom get in the winter months and the ditches were filled with ice that had built up from so much water in the ground. This has caused the roads, especially the hills, to be washed out considerably and will mean a much more difficult job this spring and summer to get them into shape again.

In closing, I have a few suggestions to make. (1) That the town beginning in 1952 raise $1,000 to $1,500 each year to build and repair roads and streets which they will not have T.R.A. Funds for. (2) That the town have the four elm trees removed on Main Street in front of the stores, which cut out four or five parking lots and handicap the plows from plowing and clearing the snow on that side of the street. These trees are of no value. (3) That the town set aside each year $1000 for the replacement of highway equipment such as trucks, tractor, or other equipment which the Selectmen or Road Agent deem advisable, as it seems to me a much better way to raise $1,000 each year, than to have to raise $6,000 to $8,000 at a time for this purpose.

I would like to state that I have asked the Budget Committee for an appropriation of $6,000 to replace the large K-10 International Truck that we now have,

which is 10 years old. I have also asked for $200 for a sidewalk plow which is very badly needed.

I would also like to thank the townspeople for the kind cooperation given me during the past year.

LAWRENCE A. GIBBONS,
Road Agent.

REPORT OF AUDITORS

We have completed our audit of the books of the various town officers for the year ending December 31, 1950 and find them correct and in good order.

The records of the Trustees of the Trust Funds, Judge of the Municipal Court, Water Department, Town Clerk, Tax Collector, Treasurer, Selectmen, and Trustees of the Wilton Public Library were checked.

The uncollected accounts of the Tax Collector and Water Department have been verified by sending individual notices to each debtor, this being the usual accepted practice.

The Water Department has continued its policy of trying to reduce their overdue accounts and, although they are a little higher than last year, at the time of this report they have been considerably reduced. The board is to be commended for its tireless efforts in keeping down expenses and collecting its accounts.

Our Tax Collector, Mr. John Davis, has carried on in his second year the good work he started last year. He has done an exceptionally good job in collecting the taxes but not without a great deal of expense and effort on his part.

We believe that Wilton is very fortunate to have such a fine corps of officers. Each of them appear to know their duties and are willing and anxious to perform them to the best of their ability.

We wish to express our sincere appreciation to the town officers for their cooperation with us during the progress of the audit and especially to Mrs. Elizabeth French for her very kind and helpful assistance with the detail.

J. ELMER DRAPER,
J. E. RAYMOND,
Auditors.

REPORT OF PARKING COMMITTEE

The committee appointed by the Moderator of the Town of Wilton has held several meetings during the past year during which the following approach to the problem was discussed.

1. To suggest to the Board of Selectmen that space on or near Main Street be improved to make them available as parking sites to temporarily ease present conditions.

2. Conduct a survey of suitable parking sites, which would require a Town appropriation to complete, with the idea of making a subsequent recommendation, based on factual data, for appropriate action by the Town.

Discussion of part 1 revealed the information that there were two possible sites which might be utilized more fully, and one space which should be improved to facilitate easier and safer parking.

(a) The space between the end of the old Hotel site and the bridge (north end of Main Street) could be leveled off to accommodate some seven cars.

(b) At the Quigley Garage site (between Blacksmith Shop and Fire Station) there is a cement floor on a level higher than the surrounding land, necessitating the expenditure of several hundred dollars to accommodate the maximum of cars. However, without too much effort, the Highway Department could make this space available for some fourteen cars.

(c) The leveling and improving of the space behind the Town Hall (east side) would accommodate a considerably greater number of cars than under present conditions.

Discussion of part 2 revealed the following possibilities:

(a) Preparing a parking space behind certain stores facing on Main Street—Stanton's Grocery Store to

Draper's Garage. The cost survey revealed that the Land Damage would make this site prohibitive.

(b) Excavation of the banking on the east side of Main Street from the Cut (entering onto Park Street) to the Town Hall for the purpose of making a Town Parking Lot. However, the cost survey revealed that the expense involved would make the project prohibitive.

The State of New Hampshire

To the Inhabitants of the School district in the town of Wilton qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 6th day of March 1951, at 8:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see if the district will vote to raise and appropriate the sum of $3600, the same to be made available at once for the purpose of paying a cost of living bonus of $200 to each full-time teacher and a proportionate amount to each part-time teacher, in addition to the salaries contracted for the current year, or take any action relating thereto.

9. To see if the district will vote to raise and appropriate the sum of $443 for the purpose of purchasing insurance to the extent of $50,000 on the new elementary school building, or take any action relating thereto.

10. To see if the district will vote to authorize the

school board to expend the balance of the $4500 special appropriation voted at the last annual school district meeting and to raise and appropriate the sum of $2100; for the purpose of purchasing furniture and equipment for the new elementary school building or take any action relating thereto.

11. To see what action the district will take relative to using the check list for the purpose of electing school district officers and any other business that may be legally taken care of in this manner, at all future school district meetings.

12. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Given under our hands at said Wilton this 19th day of February 1951.

RAYMOND A. LaPONSIE,
FRED C. NELSON,
MILDRED T. PETERS,
School Board.

A true copy of Warrant—Attest:

RAYMOND A. LaPONSIE,
FRED C. NELSON,
MILDRED T. PETERS,
School Board.

AUDITORS' CERTIFICATE

This is to certify that we have examined the books and other financial records of the school board of Wilton, N. H., of which this is a true summary for the fiscal year ending June 30, 1950, and find them correctly cast and properly vouched.

J. E. DRAPER,
J. E. RAYMOND,
Auditors.

ANNUAL REPORT OF DISTRICT TREASURER
Fiscal Year Ending June 30, 1950

Cash on hand June 30, 1949		$ 189 90
Received from selectmen:		
Appropriation for current yr.	$58,972 30	
1949-50 Deficiency	1,932 30	
Principal and Interest on Note	1,100 00	
Dog Tax	499 74	
Income from Trust Funds	955 64	
Received from State Treasurer		
School Lunches	1,211 22	
Received from all other Sources	4,436 04	
	———	69,107 24
Total Amount Available for Fiscal Year		$69,297 14
Less School Board Orders Paid		67,148 45
Balance on hand as of June 30, 1950		$ 2,148 69

JULIA M. KECY,
District Treasurer.

July 20, 1950

AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Wilton, N. H., of which the above is a true summary for the fiscal year ending June 30, 1950 and find them correct in all respects.

J. ELMER DRAPER,
J. E. RAYMOND,
Auditors

August 3, 1950

REPORT OF SCHOOL BOARD

We wish to commend the Principals and faculty for their very fine work in building our school toward an ever higher standard.

We cannot over-estimate the value to our school system of our Superintendent, Mr. Newell J. Paire. His endless labors toward making our school the finest possible, both for the student and the townspeople, is greatly appreciated. All of these people, we are sure, wish Wilton to have the best possible return for each dollar spent.

Mr. Howard Peters' resignation as school building custodian, was accepted with regret, but we were very fortunate in being able to obtain the services of an experienced man, in the person of Mr. Evan Day, Sr. to take Mr. Peters' place.

Over a period of five years we have been slowly making improvements and necessary repairs on the original school building. A definite program of re-lighting and re-painting has been in progress and our budget for 1951-52 has made provision for the following:

(a) Repaint one classroom, namely the present grade 6 room, and the boys' basement.

(b) Install fluorescent lighting in the present 5th grade room, thus bringing the candle-light on each desk surface more nearly up to standard.

(c) Continue "finned radiation" in the Domestic Arts Department. This will give us more economical heat as well as making this department more comfortable.

Provision has also been made in the 1951-52 budget to replace a portion of the wooden chairs in the Auditorium with metal folding chairs. The present wooden furniture has given us excellent service but is rapidly deteriorating. The metal folding units can be handled more easily and require less storage space than the present furniture.

The construction of the new Wilton Elementary School building will proceed rapidly, now that all necessary construction materials are on hand. It is planned, that this will be available for use by the opening of the new school year.

Many events have taken place the past year that are indicative of the interest that individuals and various groups have, in providing more adequate facilities in our school plant, and in assisting in developing a sound educational program. Some of the more tangible evidences are the stage renovations, including new curtains and valances, a new electric scoreboard for basketball activities, and equipment for the shop. The American Legion is purchasing a folding roll-away section of bleachers for the Auditorium, and the Parent-Teachers' Association is sponsoring activities for the purpose of raising funds to provide an adequate library for the public school.

We wish to particularly thank the Wilton School Trust for its generous contribution, and its untiring efforts, in providing Wilton with a new, modern functional elementary school unit. We are also deeply grateful to the leaders and their assistants who sponsored and organized the public subscription drive for the new school. To date we have received $9,016.12.

With the assistance and guidance of all concerned, we are sure that the Wilton School System will be one, of which all of us can be justly proud.

Respectfully submitted,

RAYMOND A. LaPONSIE, Chairman
FRED C. NELSON
MILDRED T. PETERS

REPORT OF SCHOOL SUPERINTENDENT

To the School Board and Citizens of Wilton:

I respectfully submit my fourth annual report as your Superintendent of Schools.

Instruction

The Wilton Public School under the leadership of Mr. Kenneth Sargent, Principal of Wilton High School, and Miss Florence Rideout, Principal of the Elementary School, capably assisted by the complete corps of teachers, is continuing to show progress. Definite stress is being placed on the fundamental tools of learning, namely Reading, Writing, Arithmetic and Language Arts, complemented by the essentials to successful living as health, science, social understandings, appreciation of music and art, and an ability to competently live in a democratic society. Your teachers are conscious of contemporary methods of teaching and are willing to avail themselves of every opportunity to improve themselves professionally. This is evidenced by the large number who have attended college and university summer sessions or have participated in the summer workshop conducted at Peterborough this past summer and the extension course in Elementary Guidance now being conducted at the Wilton school in cooperation with Keene Teachers College. The present course in Guidance is a preliminary to the establishment of a more comprehensive guidance program in our school, and one that will include Grades I through XII. We shall continue to make available to the teachers, extension courses, to be run locally and in the areas that seem to indicate the greatest immediate need.

Visual Aids

The elementary teachers with the assistance of parents and friends, have conducted several activities the past year for the purpose of raising funds to en-

large our visual aids program. This past year we have added two complete library "film-strips" with these funds. Film-strips in various subject areas, are of definite help in stimulating interest in learning. This is particularly true with the child who has difficulty in reading. The School Board purchased a "tape recording" machine which has been widely and profitably used by all grades. Other visual aid equipment will be added as funds become available. I refer you to Mr. Sargent's report, for highlights of the High School Program.

Changes in Staff

We were very fortunate in being able to procure the services of Mr. James Trefry to replace Mr. James Weeks, who left to continue educational work at Syracuse University. Mr. John Smith was added to our faculty in September so that we might be able to reduce the numbers in the seventh and eighth grade classes. This has worked out very well. Mr. Smith left us in January, to enter the Armed Forces, and Mr. Maurice Boulay, recent graduate of Keene Teachers College, was contracted to replace him. For teacher assignments, I refer you to that section of the School Report.

Mr. Howard Peters resigned as Custodian in November 1950 and was replaced by Mr. Evan R. Day, Sr.

Music Program

The music program is continuing to function the same as in the past, under the able instruction and supervision of Miss Ethelyn Edwards. Miss Edwards has been employed an additional half day to teach instrumental music to those children who own or rent instruments. This has enabled more youngsters to participate in this activity, since they do not have to bear the financial burden of being instructed. We have continued to offer programs that would have educa-

tional value to the pupils as well as provide entertainment for the adults. These programs have been well received by the public.

Health Supervision

Mrs. Edna Gilbert continues to efficiently discharge her duties as school nurse. Every effort is made to keep in close contact with the parents, so that together we may be able to determine the health needs of the children of Wilton. For details of the School Nurse's duties I refer you to the School Nurse Report.

Physical Education

Mr. Ira Stickney and Miss Mildred Brouillet continue to supervise the physical education activities of the pupils, assisted by elementary and high school teachers, and certain selected high school pupils. Details of this program are discussed in the Guide Book for Parents of Wilton High School and Wilton Elementary School. These are available to all upon request. If interested, please contact Mr. Sargent or Miss Rideout.

School Lunch Program

The Wilton School Lunch Program is being operated under the management of Mrs. George Frye, assisted by Mrs. LeRoy Robbins and Mrs. Harold Kennedy. Each year has seen an increase in the number participating. This year we have averaged approximately 105 meals per day. Despite the increased costs in food and services, we propose to maintain the same prices as in the past, without reducing the quality of the meal. An attempt is made to vary the menu so that no meal will repeat itself more frequently than once in every twenty-two days. Details of the lunch program are also carried in the Guide Books, previously mentioned in this report.

Parents' Guide Books

The faculty of the Wilton Public School has spent

much time and effort in preparing a Guide Book for Parents on two levels – elementary and secondary. These books relate the philosophy of your present administration along with details of the various activities conducted in the schools, survey of courses offered, and services being rendered to your pupils. It is hoped that the parents will become better acquainted with their school after having read these booklets.

Transportation

The Wilton Auto Station provides all transportation for the Wilton School children and operates buses on three routes, namely, Abbot Hill, Intervale to West Wilton, and Davisville to Stiles Farm. Mr. Guy Draper, and his drivers are to be complimented for the fine manner in which they have discharged their duties.

Improvements to Building

The major improvements undertaken in the original building during the past year have been the installation of fluorescent light units in Room A; extension of "finned radiation" heat along the south wall of the Domestic Arts Department; and the weather-stripping of two rooms, completing temporarily the weather-stripping program. Other improvements desired are indicated in the School Board's Report.

School Enrollment

The increase in school population seems to follow quite closely the projected study of school enrollments made two years ago. A study of the school enrollment for 1951-52 indicates that we will have approximately 19 more pupils enrolled in our schools next September than we have at the present time. The report of 1949 indicated that we could expect 397 pupils in the fall of 1951-52. We will have approximately 409.

Finance

Every effort is being made to offer our young people an adequate education as economically as possible. A

careful perusal of the budget will reveal that the larger increases are in the area of teachers' salaries, teachers' retirement, debt payment and insurance. These increases are either the result of statutory obligations or a reflection of the economic conditions in the Nation today. It should also be taken into consideration the School District is operating a plant that is one fourth again the size of the plant that has previously been operated.

State Aid

The status of State Aid is uncertain and dependent upon the attitude of the present Legislature toward state assistance for education. Due to this uncertainty the School Board has estimated no income from this source.

Conclusion

I wish to take this opportunity to thank the parents, the citizens of Wilton, the Wilton Parent-Teachers Association and the Wilton School Board for the excellent cooperation and assistance which has been given to the teachers and me, in our endeavor to provide a sound educational program for the children of Wilton. It is only as we mutually understand the basic philosophies governing our actions, that we shall be able to move forward and to provide the best for our young people.

NEWELL J. PAIRE,
Superintendent of Schools.

PRINCIPAL'S REPORT

Introduction:

The growth and development of a sound school is, at best, a slow process with the advances slowly but surely overwhelming the reverses. The day-to-day improvements are usually negligible, but the overall picture is one of steady movement over the years toward definite goals, and whenever an objective is reached there are new ones to take its place.

The Student Council:

One of the most important goals of education is the development of pupils into democratically minded citizens who can assume their proper responsibilities in our town, state, and nation. Several activities at school direct pupils toward this goal; Civics, United States and World History, Class organizations, clubs and the Student Council. Perhaps one of the most vital of these is the Student Council. This group, elected by the student body, works with teachers and pupils along avenues tending to make our school better. It is empowered to make some decisions, as any democratic group must. Sometimes perhaps it makes errors, but what democratic group does not? Pupils and teachers are learning to go along with Council decisions, realizing that in spite of temporary shortcomings, its honest aim is to do what is best for Wilton High School. By means of the Council, pupils are having the opportunity of first-hand acquaintance with the working of democracy.

Curriculum Development:

An area of school which needs our constant attention is that of determining just exactly what we teach and how it rates with what we should be teaching. One way of doing this is by comparing our work with that going on in other schools in the nation. Last spring we took part in a nation-wide testing program recommended by the State Department of Education. This program

covered four subject areas; Science, Mathematics, Social Studies and English, and it was given to students who were then (1950) in grades nine, ten and eleven. The results showed that school achievement at Wilton High is above par. We were well above the national average in English and Social Studies. Our rating in Science which was about average, indicated some need for an expanded science program. The addition of science courses in grades seven and nine might meet this need. The results of the tests in Math indicated that the addition of another Math course, namely Consumer Math, was an improvement to our curriculum.

Guiding the Pupil:

Education has a better chance for success when the teacher "understands" the pupil. By "understanding" we mean familiarity with the pupil's environment, family background, abilities, potentialities, interests, personality and goals. A teacher, being so informed about a pupil, can better adapt his or her teaching to the individual child. The child, in turn, appreciating this interest in him, becomes well adjusted and more receptive to learning. The problem of placing this "understanding" information in the hands of teachers is a difficult one. Teachers can obtain much information by personal contact, and this method should never be slighted. A supplementary method is by having informational folders for each child in the school accessible to teachers who need to know a pupil better. Such files have been set up in our school, and these files grow with the child as information is added. Individual scores on tests such as mentioned in the preceding paragraph are typical of what goes into the file. Other things that would tend to make the files complete are family and personal information sheets, results of intelligence tests, personal health information and interest inventory tests. There is practically unlimited room for the expansion of these files.

Recommendation:

This year has been one of continuous crowding in the school and of complications sometimes arising because of the construction taking place — which construction we are watching with the keenest interest. There are perhaps two physical needs that overshadow others; first a separate library in the school, second, additional shop facilities, making possible varied shop courses for every grade in school.

Conclusion:

I wish to thank Mr. Paire and the School Board for their guidance, assistance and understanding, without which we could never succeed. Finally, to parents and friends whose cooperation and interest has been outstanding, a special and earnest vote of thanks.

Respectfully submitted,
KENNETH A. SARGENT.

REPORT OF SCHOOL NURSE

In November and December 1950, 389 pupils received physical examinations by Dr. Arthur Wallace, Nashua and Milford, N. H. The basketball squads, numbering 59 pupils, were given a more complete examination:

Defects found by Dr. Wallace:

Teeth	69
Suspicious Tonsils	15
Tonsilectomies previous to examination	3
Very poor posture	2
Chronic running ear	1
Systolic Heart Murmur	1
Enlarged Thyroid with Rapid Pulse	1

School Activities: Nurse

School visits	76
Homes	250

Personal inspection by class room	240
Weighed and measured	386
Vision Tests:	156
Defective with glasses	2
Defective without glasses	4
No vision — one eye	2
Cataracts	1
Corrected with glasses	21

Hearing:

Audiometer tests were attempted in November 1950, but because of the numerous distractions, resulting from the construction going on in the immediate vicinity of the building, it seemed advisable to postpone this activity until spring.

First Aid to minor playground injuries, also ear and tooth ache.

School problems were investigated and written reports submitted to Mr. Paire or Mr. Sargent as indicated.

Some calls for correction of defects, unexplained absences, and truancy were made as usual.

Vaccination:

1 pupil excused, health reasons — Dr. Galloway.
1 pupil unsuccessfully vaccinated three times.

Contagious Disease Record to Jan. 1, 1951:

Scarlet Fever	1
Contacts, excluded for incubation period	4
Impetigo	2
Pediculosis	2
Trench Mouth	1
Poison Ivy	2
Poison Oak	1
Chicken Pox (since Jan. 1, 1951)	3

Federal Fluorine Dental Clinic at Milford, N. H.

On January 1950, permission slips were sent home

for each pupil in grades one through six, and were returned with parent's signature.

Evaluating the returned slips, I found twelve children had already received the first Fluorine Treatment Series from family dentists, also that a small number of parents objected.

In February and March 1950, pupils having parental permission were given, without charge, cleaning and three applications of fluorine at Milford Clinic.

Each child made three visits to the Milford Clinic.

Supervision was sponsored by the Ladies Auxiliary, Bent-Burke Post and American Legion. Mrs. LeRoy Robbins served as chairman. Mr. Guy Draper was in charge of transportation. Mr. Draper's fee, small, considering numbers transported and time involved, was paid by Bent-Burke Post Auxiliary and Wilton's Salvation Army Fund.

Credit for organization of transportation is due Mr. Paire, the teachers of groups treated, the local ladies who supervised each bus load of children, Mr. Draper and his drivers.

We appreciate Milford's hospitality as a clinic center, Dr. Dwyer's Mobile Dental Unit and the Federal Grant that made the service possible for Wilton children.

Respectfully submitted,

EDNA J. GILBERT, R.N.,

School Nurse.
